| APPLICANT – PLEASE NOTE! | | | |
| FILE AN APPLICATION WITH YOUR SERVICE PROVIDER TO HAVE YOUR ELECTRICITY TURNED ON. | | | |
| The building must be open during the hours of 8:00 a.m. to 4:00 p.m. on the day of requested inspection. | | | |
| Inspection will be made (under normal circumstances) within thirty-six (36) hours after an application is filed, and inspection request has been made, excluding week-ends and holidays. If the building is not open during the “time frame” specified, a new inspection must be scheduled with the City Permit Clerk. | | | |
| If any electrical code violation exists in a building, the owner or applicant is required to have them corrected by a state licensed electrician registered with the City of Stafford. | | | |
| The inspector will NOT BE RESPONSIBLE for the building being open or for picking up keys. | | | |

Electrical Reconnect Requirements

Inspection consists of the following:

1. Address on building (Minimum 4" letters/numbers)
2. All switches and receptacles to have a cover plate and in working order.
3. No exposed electrical wiring.
4. Electrical conduit and wiring cable to be supported
5. All electrical breaker boxes to have all knock-outs properly plugged and supported.
6. Main electrical breaker box to have a main breaker and dead front cover
7. Use of extension cords to be 6' or less in length, and not running across doorways, etc.
8. All light fixtures to be properly supported and enclosed.
9. All exit light fixtures to be in good working order
10. All emergency powered lights to be tested by pushing the test button. At that time, the direct current bulbs will have to light up.
11. Proper ground rod and connection
12. Three feet of free working clearance in front and sides of all electrical service equipment
13. Some or all of these items may require an electrical permit. Only a Master Electrician, licensed by the State of Texas and registered with the City of Stafford may perform the work.
